MEMORANDUM FOR CHAIRMAN OF THE IAC STANDING COMMITTEE

Subject: Proposed DCI Directive

25X1A  
25X1A

Reference: (a) Chairman, IAC Standing Committee memo  
ER8864, dated 26 March 1948.

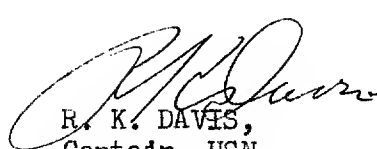

1. It is believed that subject directive should not properly be issued under the authority of NSCID No. 3 but that it should be approved as a service of common concern by the National Security Council under NSCID No. 1.

2. In order to clarify the requirements of paragraph 1.b, the following amendments are suggested:

Line 3, for "collecting agency" substitute  
"department concerned".

Line 4, after "departments" insert ", or  
complete documentary references thereto,".

3. Subject to above amendments, it is believed that ONI can support subject project and that the approval of the Chief of Naval Intelligence can be obtained.

  
R. K. DAVIS,  
Captain, USN.
